GFAN engagement during #AIDS2024 is centred on three spaces:

1. **Our Meeting Space** in the **H4 Hotel München Messe**, which is a **4 min walk** from the **Trade Fair Center and the International Congress Center (ICM)**, where we host events and sessions from July 21st to 25th.

2. **Our Networking Zone** in the Global Village, in **booth AD09**, which we are co-hosting with Alliance for Public Health Ukraine (APH) and Action against AIDS Germany (AgA), will have sessions from July 22nd to July 25th.

3. We will host a **civil society pre-meeting** in another nearby hotel. The pre-meeting will take place on Sunday July 21st from 14:00 to 17:00. **(Register Here)**

We hope to see many of you in these three spaces! In the guide below, we highlight key sessions related to community engagement in Global Health and HIV Science, to the 8th Replenishment and the Global Fund, and emerging topics and issues. We have organized them on the basis of where they take place (one of our spaces, or the main conference rooms). You can of course also go check our full list of recommended sessions on our website.

There is enough there to keep you busy the whole conference, but of course do take a look to the **complete conference program** to make sure not to miss sessions on a topic close to your work or your heart.
